On October 10, 2006, the Board approved Resolution No. R-1190-06, authorizing an agreement with the U.S. Department of Homeland Security that provided funding for Miami-Dade County to operate an air monitoring network countywide. The agreement has been extended annually, as requested by the Department of Homeland Security, to allow Miami-Dade County to continue providing the specified services for the federal government.

The proposed Interlocal Agreement allows Miami-Dade County, on behalf of the Department of Homeland Security, to provide Phase I Sampling Kits and materials to the City of Hialeah Fire Department for use by the City when responding to a BioWatch Actionable Result within the City of Hialeah, and allows the County to coordinate with the federal government to provide replacement components for the kits.
